QK spaces from low to high dimension

Prof. Hasi Wulan（乌兰哈斯 教授）

Shantou University（汕头大学）

Time: 16:00-17:00, June 5(Wednesday) 2019

Venue: Room 112, Center for Applied Mathematics

Abstract: In this talk, I will mention some results on QK spaces of real and complex variables from low to high dimension, including Stegenga-type estimates, K-Carleson measure and John-Nirenberg type inequality.
